

Data Sheet

Product: Knee Pad
Name: PROTEK SlideOn
Article no.: 60400

Description: **"The Flexible One"** - With the PROTEK SlideOn, you benefit from a very comfortable and pleasant to wear knee protection. The SlideOn is combined with ergonomically shaped ErgoPad knee pads and can be worn with short or narrow worn slim-fitting pants. The abrasion-resistant and elastic polyamide surface guarantees stable contact with the ground. Thanks to the best cushioning properties of the pad, it is a high-performance and yet very light knee protection.

Features:
Slippery.
Versatile and universally applicable.
Perfect fit due to ergonomic design.
Elastic, resistant and durable polyamide in the front area.
Air-permeable, comfortable mesh material in the back area.
Wide "anti-slip" strip on the inside of the knee pad.
Easy handling.
3 sizes, M-L-XL
Leg girth - size M: 37 - 41 cm / size L: 39 - 43 cm / size XL: 42 - 46 cm
Developed in Germany, produced in Indonesia.
The pads are interchangeable and produced in Germany.

Ideally for: All who like to wear short or narrow cut pants without knee pockets; suitable for different trades.

Certification: EN 14404:2004+A1:2010, PPE type 1, performance level 1
EAN Code: Size M 4260138250326 , size L 4260138250333, size XL 4260138250340

Care Instructions:  Remove the pad when washing!
