Data sheet

JAMBTAC

JAMBTAC Mobile Door Truss.

Mobile anchoring point for all door widths from 600 to 1,150 mm. The adjustable mobile door truss made of aluminium is very light and can be easily adapted to different door widths. Rounded profile edges and plastic caps at the ends reduce the wear of material, the risk of injuries for the user and prevent the door posts from being scratched. JAMBTAC can be used simultaneously by up to two persons.
