

Data sheet

ultraBASKET STRETCHER "TWIN"

Rescue basket in orange (on request also in yellow), one-piece

15,5 kg incl. belts, mat and footrest

Length folded: 1150 mm

Load capacity: 315 kg

All basket stretchers:

- are made of high quality, impact resistant and robust ASA/ABS plastic with continuous tubular aluminum frame
- are corrosion resistant, resistant to chemicals and temperature extremes
- have a 40 mm thick mattress, which is easy to clean and disinfect, because of the velcro attachment quickly and easily removed for cleaning or replacement
- they also have a newly developed adjustable footrest with velcro for fixing the feet, all around lateral grip recesses and a revolving nylon rope on which the tethers may be attached
- mixed with 3 safety belts with metal pushbutton buckle and a practical storage bag (for belts) delivered
