

FS243.02 SPIDER™ COMBO 2 - HARNESS

The **FALL SAFE® FS243.02 - SPIDER™ Combo 2** is a fall protection harness with V-styling for all-round rope access and rescue activities.

The airflow through all the harness layers is assured by the new and improved Croc™ SPIDER™ 2.0 padding. This innovation also allows for a lighter and more ergonomic final product, that is extremely comfortable for several hours in suspension.

With reflective and extra breathable fabric, the FS243.02 combines the lightness of its composition with the FALL SAFE® quality assurance.
