	1011027HS	<b>Honeywell XC Blue Frame / Clear / Hydroshield Coating</b>
	1011025HS	<b>Honeywell XC Blue Frame / Grey / Hydroshield Coating</b>
	1012900HS	<b>Honeywell XC Blue Frame / Amber / Hydroshield Coating</b>

**Overview**

**Key Features**

- HydroShield coating: Honeywell’s new anti-fog lens coating provides highest fog-free performance - even after extended wear and repeated cleanings – and provides greater scratchresistance than the current anti-fog coating.
- Adjustable model: the adjustable pantoscopic angle and temple length provide optimum adjustability, to ensure a gap-free-fit.
- A truly protective, 9-base curved lens: provide effective cover for the eye area and reduce the risk of intrusion by particles.
- Its above-average thickness offers unequalled resistance to impact, ensuring that these spectacles provide protection that goes far beyond the standard requirements.
- Fast, easy lens removal makes it easy to clean or replace the lens.
- MMT (Multi-Material Technology®) provides increased comfort.
- The browbar is covered over its entire length in flexible, shockproof, non-slip elastomer.
- RX Insert for XC spectacles: allows prescription glass users to enjoy the benefits of extra comfort and protection offered by XC when compared with traditional solutions.
